NEW JURORS SELECTED.

The Jury List as Prepared by New Commissioners.

The Jury Commissioners, A. Richley and J. D. Easton have carefully prepared and filed with Judge Parsons the jury list for the year 1905. Greater care has been exercised this time and Judge Parsons feels confident there will not be the delay to the court, as was experienced at the present November term, because of a large number of jurors being disqualified. The new jurors selected are as follows:

CAN CUT KOA.

Forester Hosmer Reports on Koa Forests on Hawaii.

Upon his return to Honolulu from the Volcano House, Forester Hosmer made his report to the Board of Agriculture and Forestry on the feasibility of removing the largest Koa timber from the lands of the Bishop Estate on Hawaii. His report is as follows:

"I beg to submit herewith a report upon my recent trip of inspection to the land of Keaouhou, Kau, Hawaii, made in company with Mr. F. S. Dodge at the request of the Bishop estate.

"The tract visited was the lower half of that part of Keaouhou lying on the southeastern slope of Mauna Loa, mauka of the Government road and between the lands of Olaa and Kapapala. A strip of about a mile in width on the Olaa side of this tract has been set apart by the Bishop estate as a private forest reserve. This area, 4500 acres, is fenced in and cattle are excluded from it. The remainder of the tract is leased to Mr. O. T. Shipman as a cattle ranch.

"The portion of the tract containing the koa forest about which the Bishop estate desires advice is a strip just west of the above described reserve an area of between 4000 and 5000 acres.

"On this section, particularly on its upper half, is a fairly heavy stand of large koa (acacia koa) trees.

The koa trees are of good size and quality. These trees are mature and in my judgment ought soon to be cut and utilized.

"Considered from the point of view of the forester the removal of valuable trees, when mature, is distinctly good policy, provided always that the work is done in such a way that another crop is insured.

"On the land in question I believe that the value of the koa forests is greater because of its commercial importance than for any other reason, that, provided the work were done in accordance with forestry methods, the mature trees could be lumbered without detriment to the permanent productive value of the forest; and, provided an assured market can be secured, that the logging of the tract at this time is good business policy for the Bishop estate.

"In my report to the Bishop estate I shall, therefore, recommend that the tract be logged, provided suitable arrangements can be made as to stumpage prices, and provided also that certain regulations, to be contained in my report, be made a part of the contract."

L. A. Thurston spoke of discovering a sandal wood grove in the neighborhood of the forest above reported on. He hoped it would be saved.

A. W. Carter said he heard that the Pullman Car Co. was inquiring after koa.

Arbor Day on Oahu.

Thursday was Arbor day at the Waipahu school. The teachers and children planted about seventy-five trees. The trees, which are ironwood and eucalyptus, were sent to the school by the Board from the Government nursery.

A prize was offered by the principal to the boy or girl whose tree should grow the biggest during the year?

Some of the boys began packing fertilizer from the plantation stable yard in hope of winning the prize.

These trees will be a great boon to the school as it is situated very near the Government road which, during the summer, is very dusty. —Advertiser.

Everybody Uses Chamberlain's Cough Remedy.

"Mothers buy it for croupy children, railroad men buy it for severe coughs and elderly people buy it for la grippe," say Moore Bros., Eldon, Iowa, U. S. A. "We sell more of Chamberlain's Cough Remedy than any other kind. It seems to have taken the lead over several other good brands." For sale by the Hilo Drug Co.
